

1981

Gentlemen -

1/29/93

I am so pleased to have this opportunity to tell you my honeymoon story.

On July 22, 1981 Dan and I left Palm Beach Gardens, Florida, in a small car, with all our camping gear, and headed north. When we got to South Carolina, we decided to get married, by a judge in the Court house. This being a second marriage for both of us, we felt this would be the best way (but I was wrong we didn't have anyone to share this special time with, it didn't seem real, it was just another day). We decided to go to Niagara falls, since neither of us had been there before - we were on a tight budget so we camped all the way. When we got to the Falls, it made everything special - the grounds on the Canadian side are just beautiful, the flowers were all in bloom - we both felt very happy just being there.

We had a picnic on the lawn, right across from the falls, it was magical - something about the falls, the sound, the power, the people are great everybody is happy, like everyone is a honeymooner - we took lots of pictures - ~~but~~ however, my dear husband dropped our camera and ruined all the film. That night we stayed in Canada, at a nice camp ground, very well maintained and friendly people.

Since we had such a modest honeymoon, it would be wonderful to have a real first class one, but more importantly, I would love to have pictures as keepsakes for the future and to share with our family.

Thank you for your consideration

Sincerely  
Lynn Francis
