

1932 Feb 1, 1996

Our story starts in April 1931, our first date at Junior-Senior Reception. We were classmates at Wolf Lake High School, graduating in 1932.

After graduating, ^{Amar} worked on father's farm for a year, in Fall of 1933 enrolled in school of agriculture of "Purdue University". At end of 1st semester my second year decided to return to farming.

In February I gave Frances a diamond ring (a little one) as money was very short, planned to marry in Fall.

Was married November 15, 1935 at Baptist Parsonage with minister's wife as witness.

As Amar had no car his sister loaned him her car to take our honeymoon at Niagara Falls. We drove to Detroit and spent wedding night in Detroit Hotel, next day crossed to Canada drove to Falls rode cable car over the rapids and down to Cave of winds. On the American side saw the Old Fort and also Niagara Glen. Stayed Sunday night in Buffalo in a Hotel. Started home on Monday.

When we had our 50th anniversary our Son wanted a wedding picture, the only one we had was a picture taken on the cable car while crossing the Falls.

It might be of interest to know Omar had \$41.00 when we married, returning home we had to \$2.00 left to buy a box of Cigars.

The "Lord" has been good to us gave us a Son - (Danny) and a Daughter-in law (Louise) and Grandson (Erik), Grand-daughter (Krislin)

Have lived on same farm of 160 acres for 57+ years, which is a Homestead Farm of over 100 years old.

We Thank the "Lord" each day for the wonderful life he has given us.

Thank You,

Omar and Frances Stangland
