Honeymoon at Niagara Falls.

I'll never forget it. We were both young, my husband

24 I was 19. We both lived at home with our parents,

unlike most of the young people today. We had

very little money, but wanted "Our" wedding

and honeymoon to be something special and

wonderful. We decided that Niagara Falls

would be "Our" perfect place.

We married on Thanksgiving Eve, spent

our wedding night at
 a hotel and started
 our journey Thanksgiving
 morning. We set out,
 no reservations, not
 knowing where we would
 be staying, everything
 new to us both. We
 found a wonderful little
 motel. From our room
 we had the most incredible
 view of the falls.

We shared our first
 Thanksgiving dinner
 together in Niagara
 Falls. We walked the
 streets together hand-
 in-hand like two
 foolish young lovers,
 we visited the wax
 museum (and held
 each other tight because
 of some of the frightening
 things we saw).

We only had 3 soap there.
They were as incredible
as the Falls themselves in
all their glory.

I remember walking
under the falls in those
silly little rain coats
with the water splashing
against my face, totally
in awe and looking
in wonder at the magic
of God's Hands.

I remember the sight,
the sound, the smell.
I'll never forget it, even
after 34 years. I
remember.

Sincerely
Mrs Bonnie Bonanno
