Dear Sirs:

I just read in our little paper about your Contest - so I am sending this off right away.

My husband went overseas - tank corps - during W.W. II. We could not even afford a honeymoon but promised ourselves one at Niagara Falls when he returned home. Brave young couple - very much in love. (He was my teen aged sweetheart)

He did return home - a Lieutenant, on the Lady Nelson Hospital Ship in February 1945.

- we did have our honeymoon - and at Niagara Falls! I had never been there, and we were both Montrealers, and to go to the Niagara Falls!

We had met each other April 19, 1940, so we planned this long long awaited honeymoon for April 19, 1945. (We had married before he went overseas).

We stayed in Room 909 at the General Brock Hotel in Niagara Falls - and it was a fabulous honeymoon!

To this day, 909 is a cherished memory - often I'll look at the clock and it will be 9:09 and I'll say to my husband - "look, it's 9:09, and we'll smile, and think back to our fabulous honeymoon in Room 909 at the magnificent Niagara Falls.

July 17, 1993 we'll celebrate 50 years together - still in love, and with 2 wonderful sons, 2 daughters - and 4 grandchildren.

- and fabulous memories of wonderful Niagara Falls.

- our only time ever there -

Sincerely,

Beverly A. Ralphs
