Honeymoon Contest

I'm writing about our
Honeymoon in July 1955
We stay at one Motel-cabin
not far from the falls.

We love the Falls so
much that we return
for 19 yrs every July
to recapture our Honeymoon.

We found that there were
change made every year
also we look in as much
as we could do and see.

We ~~class~~ on a wicker basket
that was over the falls
we also went under the falls
wearing those yellow coats
We dine looking over
the falls that was
in 1975 We also rode
in the Horse Buggy the
the Wax Museum was great
We love to feed the birds
and animals that were there
We also walk along side

Falls. We stay on
Niagara Lake. We went
swimming in the water
also while we were.
Bathing we were rob
of all our money and
car. they ~~rob~~^{took} their
duty hotel on our Niagara
tee shirt we had bought
on our honeymoon.
they made mess. of
everything all we had
to come back to Essex was
Twenty dollars that I had
kept in between our future
~~the~~ our honeymoon was cut
very short. But that did
not change us on Niagara
because we been there
many time after to see more
of it. We also send for
daughter husband there
on there honeymoon 1974.
We hope to go there again.

What make. 40 yr married
apart will be coming 1995
The food was great
I bought a little apron
for my baby sister
that had picture of the
falls and guess what
I still have that apron
my sister lost away 1960
so that be a good keepsake
for me. The last time
we stay in trailer park
not far from the falls
and we stay up and watch
the light come over the falls
it was very beautiful
I guess the last I got to write
It is very nice at the
falls. Very beautiful in the
winter with the ice - snow
