We are working together towards
our "Golden" Anniversary
My husband and I have been
to a lot of different countries includ-
ing Hawaii but the most romantic
place for us is Niagra Falls. We
have been married for forty-one
years and travel to the Falls at
least once a year for a week-end
Our honeymoon trip was probably a
lot different then those taken now
After our wedding reception which
was for thirty-five guests, we were
driven to the bus station for the
Canada Coach bus to Niagra, of
course everyone on the bus knew we
were honeymooners, we were a
little embarrassed. The bus stopped
around the corner from our
hotel "The Foxhead Inn" which is
now a Wax Museum on Clifton Hill
what a great hill, a person, can
spend hours there just watching

Everywhere we went people knew ^{us} /
we were newlyweds, Niagara Falls
was the place everyone went for
their honeymoon. There was lots of
confetti for the cleaning girl to
clean up, my husband left a rubber
spider stuck on the mirror for her
Niagra Falls is not only a terrific
memory for us, but a place we
look forward to visiting each year
even now. Thanks for letting us
share our memories. M & M F Driscoll
