

Gerald. Janet Zeehof 1927

We planned on going to Niagara Falls when we got married June 6, 1927. We were married on that Monday nite but had to wait for our checks from the Holland Racine Shoe Factory till Tuesday morning at 11.30 July 7. They were big checks as we both were getting 25¢ an hour.

Started right after that and made it in that day. Didn't even get a ticket for speeding. As we could only go about 35 miles an hour.

Didn't see much of the falls that nite only our motel room. Didn't even see much of that. You know when you are just married. We paid 6.00 a nite for it. Stayed around there for almost 3 days and the falls were just beautiful then and saw a lot of them.

But had to leave as our money was almost gone by then. But we still had to make the long trip home. Didn't even have a flat tire or car trouble on the way home. Good thing as we had just enough to buy a few 10¢ Hamb or Hot dogs and gas on the way home. But made in good shape. The old car just hung in there and we did too I guess. Thank the good Lord.

We often talk about that trip as we think it was the most memorable trip we have ever taken. We saw so much of the falls and the ~~beauty~~ beauty of it and after 65 years of marriage we are still together and very much in love. And would love to see all the changes they have made in those 65 years. Unbelievable I bet.

When I saw your picture in the Bradenton Paper I just had to write and tell you about our trip to Niagara Falls. It was the greatest. Can't remember all the names of the things we saw.

We are 86 and 85 years old. Just hope we will be lucky enough to see it again.

Thank You

Gerald & Janet
