To Whom It May Concern:

My husband Bernard, and I were married on November 4, 1967 in Iona, P.E.I. We got the 6 O' Clock boat off the Island and started on a glorious honeymoon with our destination being Niagara Falls.

We arrived at Niagara Falls three days later, the beauty and the scenery was something to behold. At night the, wide beams of white and coloured lights illuminate the Falls. When we were there, a steamer called The Maid of the Mist took us around the river, at the Base of the Falls. We went down under the Falls into a tunnel and we could watch the water coming over the Falls. It was something else, to see tons of water pouring down the Falls. The noise the water fall was making, you could hardly hear each other talk. The sun was out and the beautiful rainbow, it had every colour you could imagine. We had to wear a wet suit so we didn't get wet with the spray from the water.

They had a beautiful restaurant where you could have a lovely romantic evening. Dinning to candlelight, music, wine, etc. It was just like in the movies. Words cannot describe this haven of paradise. You have to be there and see it for yourself. We called it our Honeymoon Paradise.

We planned to go back on our 25th Wedding Anniversary, but with five children and two in university. We felt that we could not afford it this year. But someday, maybe on our 30th Wedding Anniversary, we will go back again and relive our Honeymoon of Paradise.

Sincerely,

Marie McKenna
