Dear Golden Honeymoon Memories Sponsors:

It is with great pleasure that I write this letter regarding the memories of our honeymoon in Niagara Falls.

My wife Annette and I were married on Sunday, June 1st, 1952. The next morning we were on our way to Niagara Falls. We drove a 1950 DeSoto. We drove all day and made very few stops. It was quite late that night when we arrived.

The one thing that we remember was that Marilyn Monroe was there around that time for the filming of a movie which I believe was called "The Niagara Story". Please forgive us if we are wrong about the name of the movie.

The sights were both thrilling and beautiful. We both enjoyed it so much we were determined to return some day with a family. Ten years later we returned with two sons. We camped on both sides of the falls and enjoyed a second honeymoon with memories of our first.

Enclosed is a copy of a certificate which certifies that we visited Niagara Falls Ontario, Canada on our honeymoon. This certificate has been a part of our decor for forty years and reminds us of the wonderful honeymoon we enjoyed on both sides of the falls.

The certificate has been a conversation piece over these many years and will continue to be.

Sincerely yours,

Roger C. Holloway
