

Jan. 14/93 1949

It was May 14th, 1949 that it all began. Two young kids never having been out of Guelph or not too far Lleyd came from Owen Sound about a year before to play hockey, he has been here ever since, except for three years in Mt. Forest, where our first three children were born.

We have eight children 5 boys and three girls ages 42-23, and now have 15 grandchildren 10 girls five boys.

We were married at Church of Our Lady, Guelph had a very small reception at home. Left for Niagara Falls on the bus that afternoon as we had no car & very little else. It was a very hot day after a very cold week.

We stayed at the Brock Hotel. We found everything very beautiful & quite awesome as we had never been there before.

One night we went to Buffalo to a ball game, took the bus after the game, we were at the bus station and watched our bus leave as we did not know it was ours as it said.

St. Catharines. We took a cab to the Peace Bridge & walked across it was around midnight. We have been back four or five times spent 3 days there for our 40th anniversary.

Would love to come back as we are now retired. I never did work outside the home, we have lived in our home 37 years.

Lloyd had a heart attack Nov. 25/92 his second and we are very grateful to have made this far.

We have a wonderful family and hope to be around to enjoy and see our grandchildren grow.

We are proud of all 8 children and 15 grandchildren.

Am enclosing pictures of us at Niagara in 1949 & one in 1992.

Thank you

Lloyd & Mae Neath
