

1950

Jan. 27, 1993

We were married on Sat.
Nov. 18th, 1950 in Camden,
N.J. after the Wedding Reception
we traveled to Niagara Falls in a 1941
Chrysler Station Wagon.

We arrived in Niagara Falls on
Nov. 20th. having spent the first night
at a local Motel and the 2nd night
in a Cabin in Harwick, N. Y.

After checking into the Clifton Hotel
in Niagara Falls and the Bill Boy
leaving the room, I remember my
husband throwing his arms around
me and said "Hong I'm so happy."
Needless to say "So was I." After
dinner we went for a walk and
then unpacked and listened to the
radio.

The name of the restaurant was the
"Colonial Restaurant & Bar."
Interesting places we visited was
the "Grand Island Bridge".

Crossing the Horseshoe Falls over the
Rainbow Bridge into Canada was
very exciting and breath taking, with
Honey mooners from Mich.

We took the Aerocar over Whirlpool
and visited all the Falls. Walked
under the falls through the tunnels
wearing raincoats given to us.
Interesting Places were "Goat Island"
State Falls Park and a restaurant
named "Joie's Restaurant".

I remember walking all around

Goat Island. It was very slippery
and we almost fell several times,
Walking through the Parks we took
pictures. It snowed and it was
very cold, but beautiful and we were
so very happy. I remember the snow
falling on my husband's hair and
I could see how cold he was getting.
I told him how handsome he looked
with snow in his hair. (anything
to keep him there in that gorgeous
place). Both our faces took on a
rosy glow especially down in the
tunnels with the spray on our faces.
On the way back to the Hotel,

"Herbie" stopped and bought a bottle of Calif. Port to warm us up. Had dinner in the Jade Room and then took a walk through the Falls State Park. It was now snowing very heavy. How beautiful the Falls looked all lit up. On the way back we stopped in the Holiday Bar for a few drinks before turning in.

The following day we went down to Goat Island. It was very slippery with the ice on the rocks. Took some more pictures. Bought souvenirs to bring home to loved ones.

Remember the squirrels and birds in the Park and never wanting to leave but "Honeymoons" must come to an end.

Niagara Falls was a very romantic place and as a young girl I dreamed of one day getting married and going to Niagara Falls on my honeymoon. I hated to leave this place where we were so in love, seeing the rainbow over the "Rainbow Bridge" will always be one of my most beautiful memories.

To sum it all up I can't think of a more romantic place I have ever visited or is it because it simply was our "Honeymoon"? I'd love to be able to relive those memories.

Enclosed is a picture of us
taken on the "Aerocar" over
the Whirlpool. Don't we look happy?

"Thank you for giving me the
opportunity to refresh my memory
of our 'Honeymoon in Niagara Falls'!"
