

MEMORIES OF OUR HONEYMOON CONTINUED

Being restricted in the amount of money we had with us at the start of our Honeymoon, the sum of \$100, which we considered in those days a lot of money, at the end we had a \$5 gold piece left, a gift from a member of the family. That \$5 gold piece was just enough money to get us back home! These events that happened on our Honeymoon are some of the memories that my wife and I cherish.

Sincerely Yours,

Eugene Mammì & Louise Mammì
