"Golden Honey Moon Memories,"

my daughter and I were married at  
a "double" ceremony on July 18<sup>th</sup> 1992 in  
Beach Lake, Pennsylvania at Beach Lake  
United Methodist Church.

After having a reception for relatives  
and friends we had no plans for a honey-  
moon but after seeing some advertisements  
on Niagara Fall, we decided that distance  
etc was ideal.

My husband, Charles and I are  
from Bradenton, Fla. He is originally from So  
Dakota and has never been to the Falls,  
and I as a little girl living in Cheektowaga  
N.Y. Took many trips with relatives  
and friends to the famous Niagara Falls.  
(just for ice cream cones)!!  
My daughter, Sue and her husband

Art Barnes came from Baryville, N.Y. Art has never been to the falls but Sue has; as a little girl of 12. We decided the very next day that we would drive to the falls for our honeymoon.

It was spectacular as I have never seen them at night with the lights. We did have a fine mist but enjoyed the sight on the Canadian side.

The next day the four of us took the ride on the "Maid of the Mist". Rain coats were provided for protection against the spray and it was an exciting way to see Niagara Falls.

We were sorry we didn't go up in the Skyline observation deck but will the next time.

Don't forget to see the many other sights such as the Bridal Veil, Horseshoe Falls and many more.

~~We~~ <sup>we</sup> did take our cameras but found out that we were taking pictures but had no film in our

camera. we were glad that my daughter took a roll of film and so we did end up at least with her set of pictures.

Of course ~~we~~ couldn't resist getting a souvenir and after looking in the shops, all of us purchased shirts with Niagara Falls on them.

What a beautiful way to spend our honey moons and also to spend it with a wonderful daughter and a new son in law!

The four of us will have some beautiful memories to share of our honey moons at Niagara Falls, N.Y.

Go and and see! We did!  
You'll love it.
