

1946

January 29, 1992

On September 4, 1946 we were married in Niagara Falls in a small "at home" wedding performed by Rev. Elton Schuriger. I graduated from LaSalle High School in 1944 where Rev. Schuriger was principal.

Our small wedding was charming, we had our wedding dinner at Gen. Brock Hotel, ~~and~~ Niagara Falls Ont, and followed by a home reception in the evening.

As we were leaving for our honeymoon one of our fun loving guests decided to play catch with our car keys. We could not find them - they apparently got caught up in the trees - so they were lost in the dark. We were forced to spend our wedding night in Niagara Falls at the Niagara Hotel - across from the train station. The room was

dark and dingy. The rug very worn and dirty white curtains. The farthest thing from a Buckle Suite anyone could imagine. However this was the only room available at 10:30 at night.

The following morning we had breakfast across the street at a restaurant, the name of it escapes me where my brother Bill came and brought our car and keys and we were on our way.

We have traveled to England, France, Acapulco, San Domingo and Florida but we remember our first night of our marriage with laughter, now. At the time we could have cried.

Sincerely,

Fally Wick Green
