Dear Sir, -

Our honeymoon in Niagara Falls  
brings back many happy memories.  
We were married Aug. 5/1950 in Knox  
Presbyterian Church in Osheon.

Our reception was held at Genoa  
Hotel. I had 6 bridesmaids & two  
little flower girls, about 200 guests.  
We didn't have a car in those  
days, so our Matron-of-Honour  
and her husband drove us to  
Toronto, where we spent the  
night in the Royal York Hotel.  
The next day we took the train  
from Union Station to Niagara  
Falls. We were booked in at the

II  
Elfton Motel?

We went to the Chamber of Commerce where we received our Honeymoon Certificate and Two free tickets to see a play called "The Heiress", which we enjoyed.

The rest of the week we spent strolling around the beautiful gardens, and down to see the Falls with all the coloured lights, spectacular! Had a ride on the "Maid of the Mist" The souvenir shops and restaurants were just great. The people were all very helpful and knowledgeable, about the area.

There was so much to do  
and see.

I had been to see Niagara  
many times as I was growing  
up, but it was my husband's  
first time, he was very  
impressed (he's from Scotland).

Whenever we have relatives  
over from Britain & Europe  
we always take them to the  
Falls.

The last couple of years  
we have stayed at Greta  
Green (Mrs. Gardiners B+B)  
She does herself proud. Her  
maiden name was Grendison  
so we all feel like family.

Sincerely. Mrs. J. Grendison
