

Honeymoon Memories

January 15th 1993.

Allora and William Page were married on Friday July 13th 1979. We went to Niagara Falls for our Honeymoon for 3 days. On July 15th 1979 we arrived at the Sheraton Fox Head Inn at 2:15 P.M. The room was on the fourth floor. After settling in we went for dinner along the Falls. Later we went on a lovely long leisurely walk by the Falls. We went back to our room for awhile and had a few drinks, at 8:30 P.M. we went for a Sky-Ride at the Maple Leaf Village then we did some Oyster fishing and I caught an Oyster with a large beautiful golden pearl in it. Bill had this made into a ring for me. We then went back to our room to be alone and have a few drinks.

On July 16th 1979 we got up at 9:30 A.M. showered and went for breakfast at a small open air restaurant by the Falls. At 11 A.M. we booked out of that Hotel and we went for a long quiet drive and then at 1 P.M. we booked into the Honeymoon City Motel and into the Bridal Suite on the 2nd floor. Bill then took me for a horse and carriage tour it was beautiful. On our way back to the Motel he stopped and bought me a lovely Campaigne coloured dress. Later he booked us for a Honeymoon Tour which took us to some very interesting sights. We left the Motel at 3 P.M. stopping at the Mayor's Office to pick up a certificate for being a Honeymoon couple at Niagara Falls. We got back to the Motel at 5:30 P.M. At this time it started to rain, so Bill went and got a bottle of Champagne for us to enjoy while we got ready to go out for dinner. The rain let up about 6:30 P.M. so we went

for dinner at 7 o'clock P.M. After dinner we went to a few museums such as the Ripley's Believe It or Not Museum. We also went up in the Spiral Tower to see the Falls at night. The nice thing about having a Honeymoon at the Falls is you can walk and enjoy so many places just outside your Motel. Later we drove over to see the Water Ballerina and the Blower Glass Museum it was gorgeous, But it was a very long lovely evening. We got back to our room about 1 A.M.

The next morning (July 17th 1979.) we laid around and had a nice quiet breakfast. Later we did some more sight seeing and took another walk along the Falls looking at the water and the beautiful flowers. Before we booked out of our Motel room we got some trade dollars to keep for souvenirs, we collected more trade dollars for the next few years.

It was a Honeymoon that I won't forget and it would be sheer delight to go back and do it all over again!

A Second Honeymoon at Niagara Falls would be lovely! As we enjoyed our first Honeymoon there.

It was fun in the extra large bed that was in the Bridal suite of the Honeymoon City Motel.

Inclosed is a picture of Bill and I on the carriage tour.

Yours truly,

Mr. and Mrs Wm. T. Page
